

August 1, 2007

Dear Customers:

The past few months have been a very busy time at Weidenhammer. We've enjoyed speaking and meeting with many of our new CIMS clients. The transition from Pearson School Systems' support and billing has gone smoothly and we've settled into a comfortable routine. In addition to these transitions, Weidenhammer's team has been busy working on new software releases, planning our first national users' conference and even introducing new software. We'd like to review some of what we've been doing over the past few months to enhance the CIMS product as well as to strengthen our relationship with you.

New releases

Weidenhammer Systems recently released EMS 05.06 and patch 05.06.001 via our InfoLink website. If you did not receive an email message regarding these releases, please contact our client support center at 800-914-9879. We'll verify your InfoLink registration so you will receive future updates. You can always access InfoLink at www.hammer.net/InfoLink.

NOTE: All future product releases and enhancement messages will be sent via email to our clients. Please ask your technology support group to allow email from k12.support@hammer.net to go through your SPAM filter.

Upcoming releases include:

- EMS 05.06 Web interface will be released in August
- SMS 8.06 will be released end of August
- Student Web attendance and web grades will be released in August
- HMS 5.01 – which includes date driven functionality, audit report, and report writer – is planned for release in November
- FMS 6.0 is planned for release in December

CIMS Users' Conference

Please join us October 31-November 2 in Buena Vista, Florida for our inaugural CIMS Users' Conference. Weidenhammer is partnering with Pearson School Systems for our first national conference. The enclosed flier includes session and registration information. Please contact Melissah Jablonski, Sr. Client Communications Administrator, at mjablonski@hammer.net with any questions regarding this event. We look forward to seeing you there!

Introducing alio™

On August 1, 2007, Weidenhammer Systems Corporation will launch its new **alio** software, a comprehensive suite of applications designed for the financial management, payroll and human resources needs of K-12 schools.

After purchasing SAGE software from Information Design, Inc., Weidenhammer made enhancements to it and is rolling out the upgraded software under the name **alio**. SAGE has been in use by schools nationwide for more than 25 years. “Essentially, we’ve re-engineered an already robust system to one that is even more intuitive,” said John Weidenhammer, CEO, Weidenhammer Systems Corporation. “**alio** will not only be an upgrade for our current SAGE clients, but will also provide an easily implemented and cost effective solutions for those who use Weidenhammer’s CIMS software solutions.”

To learn more about **alio**, please contact your CIMS support provider.

More information

We encourage you to contact us with any questions or comments you have regarding your support, our product and our team. Your input is invaluable to us so we can continue to meet your needs now and in the future.

Very truly yours,

A handwritten signature in black ink that reads "John P. Weidenhammer". The signature is written in a cursive style with a large, looped initial "J".

John P. Weidenhammer, President
